

Teams That Demand High Performance Demand Auburn Gear Differentials

To be the best you need the best. That's why winning race teams like Mechem Motor Sports rely on the proven high performance of the Auburn Gear limited-slip differential. It gives them the competitive advantage they need to win.

More torque. More traction. Smooth, instantaneous engagement without traction loss. Our latest innovation in clutch design provides torque transfer at any speed and out-muscles conventional plate-clutch designs for unsurpassed strength and durability.

OEMs worldwide count on Auburn Gear for our leading edge technology and uncompromising quality. We take their confidence very seriously.

For the diff that's setting new standards at record-breaking speeds, call **(219) 925-3200** today and put yourself in the winner's circle.
