PRICE...

buy this bearing.
ULTRA-CLASS

It's that simple. Higher quality at popular prices!

NTN's new *Ultra-Class* has the competition beat hands down. And that means thumbs up for you!

When you replace your old mounted units with NTN's new *Ultra-Class*, they'll run *smoother, quieter* and *longer* than today's top-rated units. But don't expect a higher price for higher quality. *Ultra-Class* brings you better-than-Sealmaster-quality at look-alike-Fafnir-prices.

That's value at its best. That's NTN.

Longer life. Fewer replacements. More "uptime." All at a price much less than you'd expect for a mounted bearing unit that lasts much longer than you'd expect it to last.

Call NTN today and see why the new *Ultra-Class* is your best choice for ultra performance value.

1-800-468-6528

- **Electric Motor Quality** manufacturing ensures tighter tolerances, super-finished rolling surfaces, and better concentricity for longer life and quiet operation.
- **Superior Seal Design** preserves lubricants and banishes contaminants with a powerful flinger seal.
- **Ball Point Set Screw** grips the shaft with no back-out for maximum holding force.
- **Solid Base** eliminates over-torque cracking.

Ultra-Class is a trademark of NTN Bearing Corporation. Ultra-Class ball bearing mounted units come in various styles, in light to heavy-duty grades.
